The RAFOS Journal On-line

The RAFOS Journal as a distinct, self-contained, publication has not appeared in print for a number of years due to costs and publication difficulties. A tri-service journal was proposed in lieu but did not materialise. A joint ARMY Ornithological Society (AOS) and RAFOS publication entitled 'Osprey', covering the journal requirements of both societies, was instituted in 2001. This continued on an annual basis until a decision by RAFOS to cease participation in 'Osprey' in 2007/2008. Articles, which would normally have appeared in the Journal, have since been published in the RAFOS Newsletter.

The intention of the committee has been to re-introduce the RAFOS journal as an on-line publication to reflect the activities of the society principally via the publishing of expedition reports. The on-line journal will, within reason, not be specifically restricted on size, therefore supplementary articles of a suitable nature from members could also be included.

Contents

Wetland Birds Surveys (WeBS) Winter Duck 2005 – 2008

Maps of Winter Duck survey areas

WeBS Winter Duck 2009 – 2013, Data on Diver Species

Photographs from Winter Duck participants

Expedition to the Western Sovereign Base Area, Cyprus, 2008:
