PUBLICITY MEMBER'S REPORT

Following the AGM 2018, an article on the talk given by Sacha Dench was published in the RAF News.

A 'What's On' article was published in RAF Active Issue 80 (Jun 19).

A 'Look Inside' article was also published in RAF Active Issue 80.

I was a member of the Yompers group on Expedition SIMMER DIM 2019 (Exped SD 19) to the Shetlands.

Newsletter 108, Autumn 2019, contained an article on Exped SD 19.

Publicity from Exped SD 19 was generated through JNCC and other organizations with help from the FALO.

An invitation has been received from North Link Ferries, who provided sponsorship for Exped SD19, delayed due to their contract negotiations. We have been invited to add details to their blog. I hope to have done this by early December.

RAFOS received almost daily mentions during Exped ISLAY MIST on the Islay Birds blog, islaybirds.blogspot.com. Copies of the blog and the other articles were displayed at the AGM.

I contributed to the imagery used in the RAFOS 2020 calendar. Copies of the calendar will be sent to RAF Units by the end of November.
